3 GOODS

3.1 **Specifications.** All Goods shall comply with the Specifications set out in **Annex B**. In particular, the Goods offered shall be:

- 3.1.1 Of merchantable quality, new and unused;
- 3.1.2 Fit for purpose;
- 3.1.3 Free from any defect in or arising from design, materials and workmanship; and
- 3.1.4 Able to withstand reasonable usage for a minimum period of twelve (12) months.

3.2 The tender proposal should include full technical specifications for the Goods offered, as well as the price of Goods and relevant Delivery Periods.

3.3 For the avoidance of doubt, reference samples, if available, will be provided by the Government to the Contractor as a reference only. In case of any differences or divergences in the samples provided by the Government, the Specification shall prevail.

3.4 The Contractor shall Provide technical catalogues and certifications for the Goods from the Original Equipment Manufacturer and relevant Government Agencies.

3.5 **Supply and Delivery of Goods.** The Government through Directorate of Finance and Acquisition, MINDEF (DFA) may place Purchase Orders at any time during the contract period. The Contractor shall supply and deliver the Goods to the Site within the Delivery Period as specified in the Purchase Order.

3.6 For any ad-hoc request from the Government, the supplier shall supply and deliver the goods or any part thereof to the Government within one (1) month from the time a request is made.

3.7 For any urgent (ex-stock) request from the Government, the supplier shall supply and deliver the goods or any part thereof to the Government within two (2) weeks from the time a request is made.

3.8 The Contractor shall ensure that the delivery is conducted in accordance with best commercial practices so as to not damage or compromise the quality of the Goods.

3.9 The Government shall inspect the delivered Goods according to the Specification, and sign the Delivery Order for delivered goods within five (5) working days.

3.10 Goods that fail to conform to the Specifications or quality required (defects, damages, or incorrect items arise) the supplier shall, at no costs to the Government, and at the suppliers' own expense, remove the rejected goods from the site and provide the replacement items **within a period of fourteen (14) days** from the date of rejection.

3.11 The Contractor may have the flexibility to acquire items in the contract exceeding the proposed yearly usage provided it does not exceed the expenditure per contract per supplier.

3.12 **Packaging, Labelling and Packing.** The Contractor shall ensure that the Goods are packed and labelled in accordance with best commercial practices with terms approved by MOH and the Law of Brunei Darussalam and must comply with standard Occupational Health and Safety Requirements. Packaging material shall be non-returnable.

3.13 **Expiry Dates.** The Contractor shall ensure that all Goods with expiry dates supplied to the Government shall have the expiry date clearly marked on its packaging. Such expiry date shall be for a period no less than **eighteen (18) months** from the Delivery Date of the Goods.

3.14 In case under certain circumstances the supplier is unable to provide goods of minimum eighteen (18) months expiry date, the supplier shall provide in written Letter of Undertaking and replace the goods if new stocks with longer expiry date arrive.

3.15 **Warranty.** The goods shall not be adulterated products and free from defects in or arising from design, materials and workmanships. The Contractor shall provide twelve (12) months guarantee on the Goods against defective components not attributed to fair wear and tear.

3.16 Should the supplier face with difficulties in acquiring the products due to various issues e.g., discontinued product by manufacturer, delivery restrictions, delivery delays, change of product, change in unit of measure or packaging, the supplier shall inform the Government in writing and propose alternative solutions/products within the contract price or amend the products from the contract. However, should the price differ with the changes, the supplier shall inform the Government in writing for the Government to agree upon

3.17 In the event that the goods are no longer in production or subject to logistical delay during the duration of this Agreement, the Supplier shall submit to the Government confirmation of the manufacturer immediately that this is the case before the expiry of the delivery date and submit a written proposal to the Government for the supply of alternative goods at no additional cost to the Government.

3.18 Should there be announcement from MOH or any official information known that the goods in the contract are not safe, the supplier undertakes at no extra charges to the Government, to replace goods which is not conformance with the warranties, with goods conforming with the specifications within fourteen (14) days of being informed of the nonconformance by MINDEF.

3.19 In the event the supplier is required to remedy or rectify any breach, all expenses incurred by the supplier pertaining to such remedy or rectification shall be wholly borne by the supplier.

3.20 **Documentation.** The Contractor shall provide relevant documentation on the Goods, such as operating and training manual.

4 GENERAL TERMS

4.1 The Contractor shall provide a point of contact to coordinate on matters relating to this contract, the services rendered and compliance with agreed conditions. If the point of contact is not the owner of the company, a valid and legal letter of appointment must be included.

4.2 If the Contractor fails to deliver the Goods on the date specified, the Government shall be entitled to claim liquidated damages from the Contractor amounting to one percent (1%) of the price of the Goods for each day of such delay, up to a maximum of ten percent (10%).

5 PAYMENT TERMS

5.1 The Contractor shall list out the firm, fixed prices for each Good for the duration of the contract in Section 3 to this Invitation to Tender. The prices listed shall have included the cost of the Goods, packaging costs, delivery and transportation costs, as well as any associated labour costs.

5.2 The supply of Goods will be under yearly expenditure of Dental Services, RBLF.

5.3 The Contractor may have the flexibility to acquire items in the contract exceeding the proposed yearly usage provided it does not exceed the expenditure per contract per supplier.

5.4 For this Contract, DFA shall issue Purchase Orders through TAFIS 2.0 accordingly.

5.4.1 The Contractor shall track the yearly expenditure and take care not to exceed the yearly / overall contract cap without an approved Variation Order executed by DFA. The Government shall not be liable to pay any sum which exceeds the approved value.

5.5 The Contractor shall only be paid for the Goods supplied and delivered to the Government.

5.6 The Contractor shall produce and submit invoices to the Dental Services, RBLF including supporting documents such as

5.6.1 Purchase Order; and

5.6.2 Delivery Order.

5.7 Within a week after certification by Dental Services, RBLF, the Contractor shall submit the invoice with the relevant supporting documents to DFA through the TAFIS Government Vendor Portal (GVP).
