HEADWAY THE BAND VIOLIN
QTY 05 EA

Headway The Band Violin

Specification :-

The Band violin

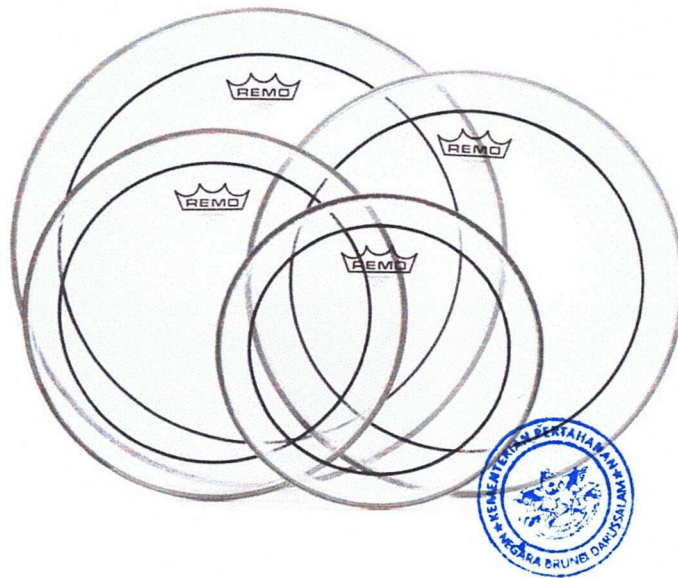

- Color: Black
- Instrument : Violin pickup
- Material: Leader
- Style: England
- Finish Type: Leader black
- Size: 30 cm

Product description:-

Amplify any viola or violin easily without modifications! Headway's The Band Violin Pickup System gives you a compact, durable, and easy-to-install pickup capable of providing electric amplification for your violin or viola without the need for any destructive modifications to the instrument itself. The benefits of The Band are many: You'll get far greater volume levels before feedback compared to using a microphone. In addition to cutting feedback, The Band reduces bowing noise and body sounds and gives you the ability to filter out excessive treble. Thanks to The Band violin and viola pickup you'll have more freedom to use the stage when you're no longer tied down to your microphone stand during performances. Just think how much faster you'll get through sound checks with this unique band-shaped pickup on your violin or viola! The increased headroom (volume) before feedback offered by The Band pickup enables you to monitor your violin without problems from modest to high volumes. The Band wraps around your violin under the strings and is firmly secured with 2 Velcro hook-and-loop strips in a 3-step process: 1. Pass the end of The Band pickup tube under the strings between the bridge and the tailpiece and wrap it around the violin's waist. 2. Strap the 2 ends of the tube firmly around the violin's back and secure with the provided Velcro strip.

REMO PINSTRIPE CLEAR 4-PIECE TOM-TOM DRUM HEAD PACK

This drumhead pack comes with a set of 8", 10", 12", and 14" Clear Pinstripe drumheads. The Remo Clear Pinstripe tom heads are made with two 7-mil Mylar plies, and have quick decay, making them ideal heads for the "fat" sounds of Pop, Rock and R&B and for those who want a low pitched sound with moderate attack and response characteristics. A measured layer of a ring reducing agent is applied between the two 7-mil Mylar plies to dampen high frequency overtones for warmer resonance. The Remo Pinstripe tom drumheads are the result of continuing refinement and improvement in Remo drumhead materials and manufacturing methods.

As a drumhead specialist for over 50 years, Remo has developed an incredibly wide variety of replacement drumheads to fit every drumming application. Not only is a full selection of Remo tom heads available to meet the diverse needs of drumset players in country, jazz, rock, pop, R&B, hip-hop, Latin and every other style, Remo's replacement drumheads also bring advanced technologies and exceptional performance capabilities to the specialized needs to players in the marching, concert and world percussion areas. With so many types, weights, and sizes available, Remo offers a wide selection of top-end accessories and pieces for the demanding drummer.

- 8", 10", 12", 14" and 16" Clear Pinstripe drum heads
- Two-ply
- 7-mil Mylar film
- Clear drumhead

D'ADDARIO XL NICKEL WOUND ELECTRIC BASS 5 STRINGS SET

QTY : 10 EA

D'ADDARIO XL NICKEL WOUND ELECTRIC BASS 5 STRINGS SET

Specifications:

D'Addario XL Nickel Wound Electric Bass strings are world-renowned amongst bass players of all genres and styles. All XL strings are precision wound on digitally-controlled machines, ensuring each string has excellent intonation, clear fundamentals, and unparalleled consistency. EXL220 super light gauge offers more flexibility for players than a standard bass set while still maintaining the distinctive combination of tone and feel found in all XL Nickel Wound bass sets. This set fits long scale basses with a string scale length of up to 36-1/4 inches.
